

## **Loading nozzle - Codeiron ®**

Nz loading nozzle pattern Peru, is the part of the NGV dispenser that connects the hose to the vehicle loaded with gas.

It is made of stainless steel and has the advantage over other nozzles in the market; it has micro holes that provide a better seal of the o'rins avoiding gas leaks during the charge. Excellent machining, finished with precision, allows o'rings to last much longer.

It is available in the measure of 1/4 NPT female connection. (Please see the attached technical features).
